Bureau of Criminal Investigation.

The "Rogues' Gallery" now contains 5,570 photographs, 1,184 of which are photographs with Bertillon measurements, a system adopted for the use of this department during the past year. In accordance with an act passed by the Legislature, March 28, 1899 (chapter 203, sections 1, 2), we are allowed photographs, with Bertillon measurements, of all convicts now in the several prisons in this State, and of those who have been confined there and who were measured under that system and photographs taken, a number of which have already been added to our Bertillon cabinet. This, together with the adoption of the system by this department, is and will continue to be of great assistance in the identification of criminals. The records of 649 criminals have been added to the records kept in this Bureau, which now contains a total of 22,227. This Bureau has issued 510 prison reports of discharged convicts, containing the full records, descriptions, distinguishing marks, etc., of 536 convicts who were discharged during the year, and whose records were considered of sufficient importance to preserve. Other police departments were furnished with 283 copies of these reports. The number of cases reported to this office, which have been investigated, number 9,382, which are recorded on the assignment books kept for this purpose, and reports made on these cases are filed away for future reference. The letter books contain copies of letters written, numbering 11,232, 1,220 of which have been written during the past year. The telegram books contain 2,132 copies of telegrams and cables sent. A system of indexing has also been adopted by this Bureau, for the use of the department, which, when completed, will contain an index of records, histories, photographs, dates of arrests, etc., of about 50,000 people; also a system of "histories and press clippings," now numbering 4,000, are kept in this Bureau, in envelope form, for police reference.

POLICE SIGNAL SERVICE.

The 10,000 feet of underground cable bought last year has been laid in Charlestown, and 3,600 feet were laid near the new Terminal Station, on account of re-location of streets.

It has been necessary to make several changes in the overhead and underground construction, on account of the Boston Terminal Company and Boston Elevated Railway Company, the expense having been borne by them.

Fifteen Weston ammeters were bought, and are being installed on all the signal desks.

The signal service repair shop has been moved from the top to the lower floor at headquarters, and new and much-needed machinery has been installed.

There are now in use 13 wagons, 11 pungs and 27 horses in the patrol service, and 3 wagons and 4 horses in the repair department; 6 spare patrol wagons are kept in reserve.

During the year the wagons made 25,263 runs, covering an aggregate distance of 20,383 miles. There were 25,876 prisoners conveyed to the station houses; 953 runs were made to take injured and insane persons to station houses, the hospitals or their homes; and 603 runs were made to take lost children

to station houses. There were 525 runs to fires, and 168 runs for liquor seizures. There were 432 signal boxes in use, arranged on 60 circuits. There were 355,564 telephone messages and 2,882,827 "on-duty" calls sent over the lines. (See Table XIX.)

CONCLUSION.

The Board of Police desires to speak in praise of the efficiency and vigilance of the department, and wishes to commend the valuable and faithful work performed by the officers during the past year.

Respectfully submitted,

ROBT F. CLARK,
C. P. CURTIS, JR.,
HARRY F. ADAMS,
Board of Police.
